National Curriculum			
The Ecclesbourne School follows the National Curriculum			
<p>Art, craft and design embody some of the highest forms of human creativity. A high-quality art and design education should engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design. As pupils progress, they should be able to think critically and develop a more rigorous understanding of art and design. They should also know how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.</p> <p>Aims: The national curriculum for art and design aims to ensure that all pupils:</p> <ul style="list-style-type: none">• produce creative work, exploring their ideas and recording their experiences• become proficient in drawing, painting, sculpture and other art, craft and design techniques• evaluate and analyse creative works using the language of art, craft and design• know about great artists, craft makers and designers and understand the historical and cultural development of their art forms			
Curriculum Intent			
Key stage 3			
<p>Pupils should be taught to develop their creativity and ideas, and increase proficiency in their execution. They should develop a critical understanding of artists, craft workers and designers, expressing reasoned judgments that can inform their own work.</p> <p>Pupils should be taught:</p> <ul style="list-style-type: none">• to use a range of techniques to record their observations in sketchbooks, journals and other media as a basis for exploring their ideas• to use a range of techniques and media, including painting• to increase their proficiency in the handling of different materials• to analyse and evaluate their own work, and that of others, in order to strengthen the visual impact or applications of their work• about the history of art, craft, design and architecture, including periods, styles and major movements from ancient times up to the present day <p>The KS3 programme is devised to ensure students use the knowledge of skills, techniques, processes and artists to creatively respond to the world around them. It will ensure students are equipped and ready to extend their studies beyond KS3 at the end of year 9 should they wish to take a GCSE art course.</p>

Year 7	Autumn Term	1	<ul style="list-style-type: none"> • Baseline Drawing Test A Baseline Drawing Test will be completed in the first few weeks of the autumn term in year 7. ❖ Drawing is a key skill in Art and Design. Students will return to and use associated drawing skills throughout KS3. The baseline test will clarify the students starting ability at the beginning of KS3. ○ Interleaving (Prior learning to reactivate): • Drawing at Primary School ○ Interleaving (Prior skills to revisit): • Shading • Blending • Mark making • Visual Elements Exercises and activities that explore the visual elements (line, tone, colour, pattern, textures, shape, form and space) will be covered. Opportunities to explore different drawing, painting, collage and mixed media work will be created. Simple colour theory will be explored. Students will learn about artists, craft workers and designers from different times and places which will be linked to both the visual element tasks and the following portraiture project. <i>Some of the artists that may be covered include:</i> -Vincent Van Gogh -Rembrandt Harmenszoon van Rijn -Andy Warhol -Chuck Close -Jean-Michel Basquiat -Kara Walker -Leonardo Da Vinci -Tam Joseph -Stephen Wiltshire ❖ Visual Elements are the building blocks or foundation that all forms of art are based upon. A sequence of activities exploring portraiture will be undertaken. Students will learn about proportion, scale and expression before creating their own self portrait response.

GRADED TASK: Self Portrait

❖ **Portraiture** is one of the key strands of Art and Art History. The task builds upon **Visual Elements** tasks previously completed and uses that knowledge and experience to encourage students to tackle a challenging self-portrait of their own. Many students return to this theme as they progress throughout KS3, 4 and 5 and so the activity provides important knowledge, understanding and practical experience very early in students' secondary education.

- **Three-Dimensional Multicultural Construction Project**

Research artwork from non-western cultures and societies (selected by the teacher) to broaden appreciation and understanding of artwork from around the world.

Previous work set by subject teachers have covered themes such as:

- Native American Totem Poles
- Aboriginal Art
- African Masks
- Mexican Day of the Dead ceramic skulls
- Japanese inspired constructed textiles

Use materials to create a three-dimensional response to the work.

For example, clay, papier-mâché, mod-roc, wooden and fabric constructions, or other mixed media assemblages might be explored.

GRADED TASK: 3D response to the multi-cultural theme.

- ❖ Building on the **ceramics** work and artists **studied** in Year 7, students broaden their knowledge and interests in **non-western artwork** to create a **three-dimensional** piece of work. This expands their understanding and terms of reference for creating their own works of art.

Students that have shown a keen interest and a willingness to work hard are selected for these workshops that have included elements of photography, Photoshop, assemblage, collage and spray paint in recent years.

- ❖ The **Year 8 Creative Workshop** provides the chance for student to experience an extended period (a full day) creating an imaginative piece of artwork. The theme, technique or materials

			<p>used may change from year to year, but the constant element of the workshop is creative challenge.</p> <ul style="list-style-type: none"> ○ Interleaving (Prior learning to reactivate): <ul style="list-style-type: none"> • Y7 Visual Elements tasks • Y7 Previous three-dimensional project activities • Y7 Previous Summer Photography Competition • Y8 Previous Summer Photography Competition ○ Interleaving (Prior skills to revisit): <ul style="list-style-type: none"> • Observing • Recording • Composing • Proportion / scale • Blending • Colour mixing • Joining • Mark making • Refining • Researching • Analysing • Experimenting / Risk taking

Year 9	Autumn Term	1	<ul style="list-style-type: none"> • Sea Life Printmaking Studies and ideas based on Sea life imagery will be completed along with consideration of relevant work by different artists such as the cut-outs of Henri Matisse, the illustrations of Ernst Haeckel or the lino printmaking designs of Amy Louise Cundall, Anna Šebestová and Elizabeth Catlett to name a few. Ideas for printmaking will be devised, designed and printed. GRADED TASK: Printmaking responses. ❖ This Sea Life Printmaking Project builds on design work developed in both Year 7 (Gargoyles) and Year 8 (Three-Dimensional Multicultural Construction Project). The main purpose of the project is to take students through a printmaking process such as Lino printmaking. To understand the process of designing 	<ul style="list-style-type: none"> • General homework activities will be marked using the E, S, M grades along with the 5-1 effort levels. Attainment: E = Emerging - Some effective areas S = Secure - Good / Consistent work M = Mastery - Excellent work Effort: 5 = Outstanding 4 = Good 3 = Satisfactory 2 = Cause for Concern 1 = Serious Cause for Concern Merits are awarded for work achieving M (MASTERY) or a 5 for effort.

• **The Natural World**

This project will enable students to develop the essential skills of working from direct observation. Students will observe and explore the visual characteristics of a variety of natural forms such as shells, sea urchins, poppy heads, flowers, leaves, conker shells etc.

They will create work from a wide range of starting points through drawing, painting and mixed media methods.

*Some of the artists that may be covered **could** include:*

-
- -Elizabeth Blackadder
- -Georgia O'Keefe
- -Henri Matisse
- -Anselm Kiefer
- -Janet Fish
- -Charles Belle
- -Karl Blossfeldt
- -Ernst Haeckel
- -Peter Randall-Page

GRADED TASK: Natural Forms Outcome

			<ul style="list-style-type: none"> ❖ This Still Life project covers the third major genre of Art and Art History. This project provides the opportunity for students to study different ways of responding to the theme using diverse materials / techniques or processes. Many students return to use this type of work as they progress throughout KS3, 4 and 5 and so the activity provides important understanding and practical experience during students' KS3 secondary education. ○ Interleaving (Prior learning to reactivate): <ul style="list-style-type: none"> ● Y7 Visual Elements tasks ○ Interleaving (Prior skills to revisit): <ul style="list-style-type: none"> ● Observing ● Recording ● Composing ● Proportion / scale ● Blending ● Colour mixing ● Mark making ● Refining ● Researching ● Analysing ● Experimenting / Risk taking

Work covered is often linked to Year 9 summer term events:

Year 9 Annual Art Trip

This is for students that have selected to take the subject further at GCSE level. Previous trips have been to the Yorkshire Sculpture Park, The Hepworth Wakefield and Tate Liverpool.

Artist in Residence

This is for students that have selected to take the subject further at GCSE level. Previous residencies have seen students work with a wide range of artists to create wire bird sculptures, large scale cardboard figures, glass panels, felt imagery, expansive colour paintings and most recently ceramic lanterns.

❖ As the year progresses time available is used to develop skills in key areas that will prepare students for the GCSE course, should they opt to take the subject further. Drawing, painting, making, researching and presenting skills are all touched upon so that students are ready and able to tackle the challenges of the GCSE Art and Design course.
