## Sixth Form: key dates and information

March 2024

Dear parents and carers,

With Easter approaching I am writing to remind you of the key dates and information that will be important over the next half term for both Year 12 and 13.

This term has once more, been full of trips, information days and revision sessions. Exams are approaching for both year groups, and it will be important that they use their time between now and then effectively. Using study periods productively and following teachers' advice about revision is vital. Year 13 students have received their annual reports and should use them to guide their efforts and make the most of the time remaining.

Revision sessions for Year 13 are published on Show My Homework which you can access with your parental log in.

For those students who are hoping to start university in September 2024, the student finance online portal is now open for applications. Details can be found using the link below:

[Apply online for student finance - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

Year 12 can learn from the application shown by our year 13s and shortly they will be the most senior year group in our school community. I have no doubt that they will step into the role with dedication and enthusiasm.
