Dear Parents and Guardians,

## Y11 Science Revision Guides

I hope that this letter finds you and your family well in these very uncertain times. The science faculty are very much looking forward to seeing your child in the upcoming weeks to offer some face-to-face teaching. To get the most from these sessions we suggest they carefully go through the core topics that we have studied during lockdown and make additional notes. They could also jot down any areas they have found tricky and need further clarification.

To help with this the Science Faculty have purchased revision guides which can be loaned to students for the duration of their course and we hope to get these to the students when they come in for their first session.

We appreciate that some parents may have purchased these in November and therefore do not require a loaned set.

The revision guides contain the same revision material that is found in the Science CGP Complete Revision and Practice guides.

If you would like your child to be issued a set of revision guides on the Science study dates, then please email Mr Ford ([mford@ecclesbourne.derbyshire.sch.uk](mailto:mford@ecclesbourne.derbyshire.sch.uk)) and we will ensure that your child is issued with a set.

Kind regards

Mr Ford  
Head of Science Faculty
