

Summer reward challenge

Further to the recent transition into Senior school for your child, I have today launched to all Year 8 students their first opportunity to earn a reward. As they transition into Year 9 I would like to reinforce the 4C's that we promote in school of Courtesy, Community, Co-operation and Commitment.

Over the Summer I would like to give your child the opportunity to get their first reward in Senior school.

This will be a "Golden Ticket" which will give them an early lunch pass for themselves and 3 friends for a week.

For the chance to win 1 of our 6 Golden Tickets I challenge your child to complete 6 of the following activities.

I need to see evidence on their return to school on Monday 9th September of the completion of 6 activities. This may be photographs, write ups, signed evidence by friends/family.

Activities may include, but not exclusively Volunteering, Holiday write up, Acts of Responsibility, Act of kindness, Creative activity, New skill learnt, Book review, Team activity, Computer game review, Musical piece learnt, Sports activity, Parental help, Competition entered, Community work.

This challenge allows your child to continue to demonstrate the values of the 4C's that we aspire for them to uphold both in school and the wider community.

I hope your child enjoys completing this challenge and spends quality time with you, their friends and family during the summer holiday.
