October 2024

Dear Parent/Carer

Cost of Materials in the Design and Technology Department – Year 12

The 1988 Education Reform Act (Commencement No. 2) Order 1988 requires that the Governors have a policy on charging and remission for activities by the school.

To help the Design and Technology department to continue to offer Year 12/13 a variety of projects and access to materials for testing and developing their projects as they start their NEA journey later this year, we are asking for a contribution towards our material costs and consumables.

The amount suggested below will go some way to paying for the total cost of the students' materials used in Year 12 but does not cover them entirely. Therefore, there may be occasions when due to availability, cost, quantity they require and or delivery charges students may find it cheaper and easier to purchase materials directly themselves, especially where they are requesting something outside of our stock materials that we normally carry.

I am therefore inviting parents to contribute to this financial support, as it will allow the department to maintain our ability to offer our students a wide range of materials and projects moving forwards at A-level.

Payment for these resources should be made online via the ParentPay system by 8th November 2024.

If you have opted to use the PayPoint system, please email trips@ecclesbourne.derbyshire.sch.uk to request a letter containing the appropriate barcode, which will enable you to pay by cash at any local store participating in the PayPoint method. [Please note: PayPoint cards are for cashless catering only. A barcode letter is required for all other payments, i.e. trips/events; technology costs etc.

Yours sincerely

Mrs. H Heanue
Deputy head of Design and Technology

Design and Technology Department

Modelling and making costs contribution 2024

£10
