

THE ECCLESBOURNE SCHOOL

Learning Together for the Future

EXTERNAL CONTRIBUTORS AND SPEAKERS POLICY

March 2024

This policy is to be approved by the Students and Curriculum Governors Committee

This policy should be updated every two years – review date March 2026

This is a non-statutory policy

1. Why do we need an External Contributors/speakers policy?

At The Ecclesbourne School we recognise using external agencies can enrich and support the curriculum and the school ethos. Children and young people often find visitors an informative and interesting element of their learning. However, we wish to ensure that delivery by external contributors/speakers is consistent with school curriculum and ethos. It is important that these opportunities are positive ones and are productive for the students, staff and the outside agency/visitor and that safeguarding is also taken into account.

All staff considering using external contributors/speakers are required to complete the attached forms and agreements and submit them to the appropriate Head of School prior to the visit. They will then be discussed and approved by the relevant Head of School before the visit can commence.

4. External Contributors and Speakers - Safeguarding Checks

External contributors/speakers are visitors as defined by the latest Keeping Children Safe in Education Statutory Guidance.

Any visitor to the school who has unsupervised access to children or who works in the school on a regular basis has to be subject to DBS (Disclosure and Barring Service) checks and other checks as defined by our Child Protection Policy.

External contributors/speakers should **not** be left in sole charge of students or take groups of students out and away from a supervisor/staff member/teacher who has the DBS and related checks.

In all instances, whether or not the external contributor is DBS-checked, a staff member must be present in the classroom or agreed venue for the whole of the event to support the delivery of the session and to deal with any issues should

- To ensure safeguarding processes are met;
- To maintain responsibility for class discipline;
- To deal with any student who may need additional support;
- To ensure the content of the event is in line with The Ecclesbourne School expectations;
- To devise follow-up work to reinforce students' learning.

It would not be usual for any external contributor/speaker to require details of the participants and their contacts. If they are requesting information and contacts then please refer this to the Designated Safeguarding Lead immediately.

When involving external contributors, staff will ensure that:

- They are clear about the objectives before deciding who is best able to help achieve them;
- The external contribution is integrated into the school's programme and any preparatory/follow-up work is completed;
- The content is planned/ known to ensure that it meets the needs of pupils and is consistent with school policy, curriculum and ethos;
- All external contributors/speakers are aware of appropriate school policies and are directed as to where to find them;
- The school is fully aware of the external agencies aims and objectives for delivering to the school;
- They are aware of good practice of national and local approaches and support the schools' Personal Development and Citizenship Programme;
- All external contributors/speakers are aware of their roles, responsibilities and boundaries, i.e. that
- They work to the professional boundaries of the teacher when taking part in the curriculum.
- The value of the external contribution is assessed through appropriate feedback and evaluation. This information should be shared and used to inform future work.

5.Requirements for External Contributors/Speakers

The guidance should be made known to all staff, volunteers and governors. It should be used in all cases. Once the guidance has been read then the attached forms need to be completed and passed onto the relevant school offices. The relevant school office should keep copies of the activity, the checklists and records used and store these securely.
