

Politics

Prep-work:

Keep an eye on the headlines and get a list of three MPs in the Cabinet, three in the Shadow Cabinet and three backbenchers who have done something news-worthy that sparks their interest (and be ready to share why) – this will be good for UK Politics next year!

Reading list:

- The Communist Party Manifesto – Karl Marx
- Social Contract – Jean-Jacques Rousseau
- Leviathan – Thomas Hobbes
- On Liberty – John Stuart Mill
- The Feminine Mystique – Betty Friedan
- The Female Eunuch – Germaine Greer
- The Politics of Breastfeeding – Gabrielle Palmer
- Anywhere but Westminster – the 2019 General Election Episodes or the 2016 Referendum episodes
- Tony Blair's autobiography or David Cameron's autobiography
- Any book on recent political developments in the US
- Philosophy Tube does an interesting video on the appointment of Amy Coney Barret that is very interesting (https://www.youtube.com/watch?v=BNhj_s8flUk)
