CONTROLLED ASSESSMENT POLICY

July 2021

GCSE controlled assessment

Controlled assessment is a form of internal assessment that replaces GCSE Coursework. It encourages an integrated approach to teaching, learning and assessment.

In order to facilitate the delivery of Controlled Assessment, responsibility falls to staff as detailed below:

The Senior Leadership Team (SLT) shall:

- During the academic year, begin coordinating with heads of department to schedule controlled assessments for the following academic year, ensuring there is a fair spread throughout the year across all subject areas and avoiding clashes with other events. The SLT will ensure there are adequate resources available to permit the tasks to take place.
- Ensure the internal appeals procedures are appropriate and are kept up to date
- Allocate one of the WSCD Days (typically during April) to the standardisation of Controlled Assessment (Coursework at A/AS Level). If agreed by the SLT, time used outside of these days for standardisation may be credited against time that would have been used on these days.
- Ensures where a teacher is teaching, preparing and assessing a candidate with whom they have a close relationship e.g. members of their family (which includes step-family, foster family and similar close relationships) or close friends and their immediate family (e.g. son/daughter) a conflict of interest is declared to the awarding body and the marked work of the child submitted for moderation, whether it is part of the moderation sample or not.
- The Head of Centre will sign a declaration confirming that all reasonable steps have been or will be taken to ensure that all candidates at the centre have had, or will have, the opportunity to undertake the prescribed practical activities.

Heads of department/faculty shall:

- Ensure that a sufficient amount of the overall assessment (controlled and/or external assessment) is taken in the exam series in which the qualification is certificated to satisfy the terminal assessment requirement in accordance with the awarding body specification and supply the exams office with details of all unit codes for controlled assessments.
- Ensure controlled assessments comply with JCQ guidelines and awarding bodies' subject-specific instructions, particularly the level of supervision required.
- Where necessary, make arrangements for internal standardisation of the marking of all teachers involved in the assessment.
- Ensure that individual teachers understand their responsibilities with regard to controlled assessment.
- Ensure that individual teachers understand the requirements of the awarding body's specification and are familiar with the relevant teachers' notes and any other subject specific instructions.
- Where appropriate, develop new assessment tasks or contextualise sample awarding body assessment tasks to meet local circumstances, in line with awarding body specifications and control requirements.
- Ensure that students are fully aware of the JCQ regulations regarding plagiarism (see below)

- Supervise assessments (at the specified level of control). Undertake the tasks required under the regulations, only permitting assistance to students as the specification allows.
- Before the submission of work for formal assessment, remind candidates to always keep their work secure and not to publicise their work such as posting it on social media. The

- Post-completion, retain candidates' work securely until the closing date for enquiries about results. In the event that an enquiry is submitted, retain candidates work securely until the outcome of the enquiry and any subsequent appeal has been conveyed to the centre.
- Understand that during the period from the submission of work for formal assessment until the deadline for requesting a review of results, copies of work may be used for other purposes, e.g. in a competition, provided that the originals are stored securely by the centre. Any material which is not required for moderation purposes (or any subsequent review) may also be freely used by the candidate. This applies to artefacts in Design & Technology where only photographic evidence is needed for moderation and any subsequent review. Where original work is used for moderation, as in Art & Design, a teacher must be present if, during this period:
 - assessed work is exhibited;
 - a candidate takes assessed work to an interview;
 - the work is removed from secure storage for any other reason.
- Consider encrypting any sensitive digital media to ensure the security of the data stored within it. Staff must refer to awarding body guidance on the necessity of encryption &, where necessary, ensure that the method of encryption is suitable.
- Ask the appropriate special educational needs coordinator (SENCO) for any assistance required for the administration and management of access arrangements.

Note on plagiarism

Whilst it is acceptable and often necessary for students to refer to source materials when completing their coursework/controlled assessment/portfolio work, it is not acceptable for them to remove portions of text directly from a source and copy it into their own work without making suitable reference to it.

When working in low to medium control conditions students should be encouraged to produce their own work without using phrases produced by other students. In some instances, it may be acceptable for students to work together but they should produce their own written work for submission.

All exam boards check for such instances, and use specific software designed to identify portions of text. Students found guilty of plagiarising work risk disqualification from the qualification they are sitting.

Reviews of Marking - Centre Assessed Marks (GCSE controlled assessments, GCE coursework, GCE, GCSE non-examination assessments and BTEC)

The Ecclesbourne School is committed to ensuring that whenever its staff mark candidates' work this is done fairly, consistently and in accordance with the awarding body's specification and subject-specific associated documents.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity. The Ecclesbourne School is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

1. The Ecclesbourne School will ensure that candidates are informed of their centre assessed marks so that they may request a review of the centre's marking before marks are submitted to the awarding body.
2. The Ecclesbourne School will inform candidates that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment.
3. The Ecclesbourne School will, having received a request for copies of materials, promptly make them available to the candidate.
4. The Ecclesbourne School will provide candidates with sufficient time in order to allow them to review copies of materials and reach a decision.
5. Requests for reviews of marking **must** be made in writing.
6. The Ecclesbourne School will allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
7. The Ecclesbourne School will ensure that the review of marking is carried out by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate and has no personal interest in the review.
8. The Ecclesbourne School will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.
9. The Ecclesbourne School will inform the candidate in writing of the outcome of the review of the centre's marking.
10. The outcome of the review of the centre's marking will be made known to the head of centre. A written record of the review will be kept and made available to the awarding body upon request.

The moderation process carried out by the awarding bodies may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body ensures that centre marking is in line with national standards. The mark submitted to the awarding body is subject to change and should therefore be considered provisional.
