

**The Ecclesbourne School**  
“Learning together for the future”  
**PEER-ON-PEER ABUSE POLICY**  
September 2021

---

**1. Intent**

The Ecclesbourne School is committed to a whole school approach to identifying, tackling & responding to peer on peer abuse, sexual harm/violence and harassment.

In cases where peer on peer abuse is identified we will use the local safeguarding procedures as set out by the Derby and Derbyshire Safeguarding children partnership.

A child/pupil as described in the policy is a child and young person up until 18 years.

**2. Statutory Guidance referred to:**

- Keeping Children Safe in Education. Statutory Guidance for schools and colleges 2021
- Sexual Violence and Sexual Harassment between Children in Schools and Colleges 2021
- Sexting in Schools and colleges: Responding to incidents and safeguarding young 2016
- Teaching Online Safety in Schools, DfE 2019
- The Voyeurism Act, 2019 (Section Up skirting)

This policy is also supported by the guidance issued from Derbyshire Local Authority, which helps understand, identify and provides tools to respond to problematic/harmful sexual behaviours in schools.

**3. This policy operates in conjunction with the following school policies:**

- Child Protection and Safeguarding Policy 2021
- Anti-Bullying Policy 2018
- Behaviour Policy 2021
- Online Safety policy 2021

**4. We recognise that peer on peer abuse can manifest itself in many ways such as:**

- Child Sexual Exploitation;
- Sexting (youth produced digital imagery);
- Bullying- name calling, physical;
- Prejudiced behaviour- homophobic, disabilities;
- Cyber bullying & on line abusive behaviour;
- Radicalisation;
- Abuse in intimate relationships, including teenage relationship abuse;
- Children who display sexually problematic/harmful behaviour, including sexual harassment;
- Gang association and serious violence- County Lines, initiation, hazing.

## **5. Vulnerable Groups**

We recognise that all children are at risk but that some groups are more vulnerable than others and includes:

- A child with additional needs and disabilities;
- A child living with domestic abuse;
- A child who is at risk of/suffering significant harm;
- A child who is at risk of/or is being exploited or at risk of exploited (CRE, CSE);
- A looked after child;
- A child who goes missing or is missing education;
- Children who identify s or are perceived as LGBTQI+ and/or any of the protective characteristics.

Research tells us that girls are more frequently identified as being abused by their peers and more likely to experience unwanted sexual touching and sexual harassment. They often are exploited into gangs and are victims of sexual violence when in gangs. However, we are aware as a school that these are behaviours not just confined to girls.

Boys are less likely to report intimate relationship abuse and may display other behaviour such as anti-social/criminal behaviours. Boys are more likely to be exploited/entrapped into gangs and subject to violence as a result of gang culture.

## **6. Bullying and Online bullying and behaviour**

Peer on peer abuse can happen online and through social media. This school will respond to this form of abuse, cyber bullying and related behaviour.

This school will use its Behaviour Policy which relates to identifying, responding to and reporting this type of behaviour by pupils. We will take a robust approach and educate all our staff to help prevent and tackle this.

## **7. Responding to an incident/disclosure**

Where abuse or violence, including sexual harm and/or sexual harassment, has taken place outside of school e.g. on school transport, off site during lunchtimes, or in the local community involving one or more of our pupils; we will investigate and act around the conduct of the pupil/s. We will also consider if we should notify the police if we believe an offence may have been committed.

Where behaviour between peers is abusive or violent, including sexual harm or sexual harassment within the school; we will use our procedures as set out by the schools Child protection and Safeguarding policy, and the procedures as set out by the local Children's Safeguarding Partnership. This will mean a referral to the police and a referral to Childrens' Social Care Services.

All staff understand that all concerns must be reported to the Designated Safeguarding Lead; however, we acknowledge that anyone can make a referral.

## **8. Understanding Sexual Harm, Violence and/or Sexual Harassment**

Sexual harm, violence and sexual harassment can occur between two children of any age or gender; this can either be a group of children sexually assaulting or sexually harassing a single child or group of children. We recognise that this behaviour can take place in a school or any setting where pupils are together.

The impact of this behaviour on children can be very distressing having an impact on academic achievement and their emotional health & wellbeing.

All behaviour takes place on a spectrum. Understanding where a pupil's behaviour falls on a spectrum is essential to being able to respond appropriately to it.

In this policy we recognise the importance of distinguishing between healthy, problematic and sexually harmful behaviour (HSB).

As a school therefore, we may use the Brook Traffic Tool, and Hackett's Continuum, and in some cases the AIM model 2016 (Carson). These are nationally recognised and acclaimed tools to assist in determining healthy, problematic and harmful sexual behaviours in children and young people.

We may also use a Safety and Support Plan, or an in-School Risk HSB Management Plan depending on the outcomes of assessing risk in each individual case.

Using tools like this will help us:

- Decide next steps and make decisions regarding safeguarding children;
- Assess and respond appropriately to sexual behaviour in pupils;
- Understand healthy sexual development and distinguish it from problematic/ harmful behaviour;
- Assist with communicating with parents/cares about the concerns we have about their child/children;
- Assist with communicating with our partners and agencies about the concerns we have regarding a pupil in the school.

## **9. Action following a report of Sexual Harm, Violence and/or Sexual Harassment**

We will inform all staff that should they see or hear of any sexual behaviour they will stop the behaviour immediately; report the behaviour to the Designated Safeguarding Lead and make a written record of the incident.

We will speak to the pupil to establish their view about what happened and why, what understanding they have, what responsibility they take for their actions, and their willingness/ability to work on their behaviours.

We will speak to the pupil/s who has been targeted to establish the impact on them of the behaviour. How the other pupil/s managed to get in a position to carry out the behaviour, how they are feeling about the other pupil now, and what support they require.

This will only be to ascertain clarification; any further investigation may have to be undertaken by the statutory agencies.

We will contact the parents/carers of those involved and share the information.

Following an incident we will consider:

- The wishes of the victim in terms of how they want to proceed e.g. ask about whether they want to make a police complaint. This is especially important in the context of sexual violence and sexual harassment;
- The nature of the alleged incident(s) e.g. the intention, mitigating circumstances AND including: whether a crime may have been committed and consideration of harmful sexual behaviour;

- The ages of the pupils involved;
- The developmental stages of the pupils involved;
- Any power imbalance between the pupils concerned. For example, is the alleged abuser significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- If the alleged incident is a one-off or a sustained pattern;
- Are there ongoing risks to the victim, other pupils, siblings, adult students or school staff; or other related issues in the wider context?

Whilst the school establishes the facts of the case:

- The alleged abuser will be removed from any classes or areas they share with the victim;
- We will consider any reasonable steps to ensure the safety and protection of the alleged abuser, victim and all other pupils we have a duty to safeguard;
- We will consider how best to keep the victim and alleged abuser/s at a reasonable distance apart on school premises, including transport to and from the school;
- We will use the recommended In School HSB Risk Management Plan if assessed as appropriate;
- We will use a Victim Support Plan.

These actions are in the best interests of the pupils involved and should not be perceived to be a judgment on the guilt of the alleged abuser/s.

## **10. Reporting**

Any incident of alleged or an actual incident of sexual harm, violence and/or sexual harassment will be reported to the police if it is believed an offence may have been committed. In all cases consideration is given to reporting the matter to Children Social Care Services.

There are circumstances in some cases of sexual harassment/touching which dependent upon age and understanding/age of criminal responsibility, (e.g. one-off incidents), where we may decide that the child/ren concerned are not in need of Early Help or statutory intervention.

In these situations it would be appropriate to handle the incident internally, for example by utilising the behaviour and bullying policies, providing pastoral intervention and support.

We may also decide that some child/ren involved do not require Statutory Interventions; however, they may benefit from Early Help.

Early Help means providing support as soon as a problem emerges, this can be at any point in a child's life. We will decide if an early help approach will benefit a pupil following any outcome of assessment that we may use. This may mean the development of a safety and support plan as part of the early help process.

Providing Early Help is more effective in promoting the welfare of child/ren than reacting later. This school acknowledges that an Early Help Assessment can be useful to address non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

## **11. Sanctions**

We will consider the sanctions available to use as school in reference to our Behaviour Policy 2021. These sanctions can include but are not limited to;

- A verbal warning

- Keeping the pupil behind after class to apologise to their peer
- A letter or phone call to parents
- Detention
- Community service, for example litter picking
- A period of internal exclusion (length dependent on incident)
- Fixed-term (length dependent on incident) or permanent exclusion

We recognise disciplinary actions rarely resolve issues of peer-on-peer abuse and this school will consider all courses of action and intervention.

We recognise that emotions and feelings can run high, and we will endeavor to respond to concerns from any pupil, other pupils, parents and the local community.

We will ensure all necessary parties including the parents/carers are informed and kept up to date. We will listen to any concerns and will work to attempt to resolve these.

## **12. The Role of Governors**

The Chair of Governors/Link Safeguarding Governor will need to be aware of the complexities when an incident or incidents come to light, and when staff in the school are trying to manage these behaviours. This includes the use of sanctions, exclusions, pressures from parents to exclude and dealing with the parents of the alleged abuser or any alleged victim/s.

We know that as a school, the Chair of Governors and Link Safeguarding Governor will also need to consider that they may be approached by members of staff who are angry or anxious about pupils with sexual behaviours. In addition, we will also consider that there may be occasions where schools also feel pressures from external sources e.g. the local community and the media.

It is important that we as those governors are informed and can help with a consistent approach and policy on such matters, and we recognise governors should use any examples to help inform the schools future practice, ethos, reviewing any policy or procedure in light of this.

## **13. Multi-Agency Working**

This school will work with our partners and agencies; Children's Social Care, the Police, Youth Offending Service, Health and CAHMS.

We recognise that we will be invited to share information, being a part of local partnerships and local partnership groups to help identify risk and issues both within the school and in our local community.

Our local point of contact will be the chair of our local group and the Head of Service for our locality (Derbyshire).

## **14. Prevention and Training**

The Ecclesbourne School is working hard at all times to create a culture where peer on peer abuse does not happen.

We are aiming to create an ethos of good and respectful behaviour, and this should extend to all areas of the school and at all times of the school day, including travelling to and from school.

Our PDC program provides a range of activities and guidance for students on how to keep themselves safe and what is considered harmful/healthy relationships. This includes the relationship and sex education programme.

We will ensure that all our pupils know who to talk to, how to receive advice and help within the school. Students will be reminded of this frequently during assemblies. We will be able to signpost children to relevant local and national helplines and websites.

### **15. Management of the Policy**

We will ensure all our staff, governors and volunteers are trained in the awareness and response to all forms of bullying, all forms of peer-on-peer abuse, and including any local issues and concerns in the wider context (Contextual Safeguarding).

In addition, we will ensure all our staff, governors and volunteers are aware of this policy and the supporting guidance, in order that they are clear regarding their role and responsibilities.

The School Designated Safeguarding Lead will take on a lead responsibility to ensure all relevant staff are trained in the use of the available assessment tools, including Safety and Support Plans/the 'In School' Risk Management Plan and the Victim/s Support Plan.
