

Maths Year 11 to A level Transition

We are delighted you have chosen to take maths A level.

This work is designed to help students bridge the gap between GCSE and A-level Maths studies. The aim of the work is to help you build confidence and get some additional practice on key topics to help maximise your chances of success at A-level.

1. Complete the workbook from Pixi maths (saved in the transition work folder).

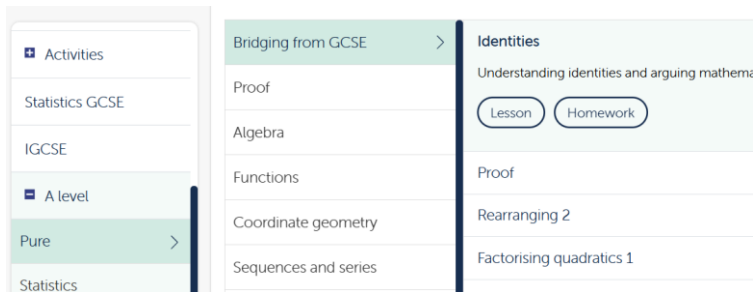

2. Mark your work using the answers (saved in the transition work folder).

3. Consolidate any areas of weakness using: [Home – MyMaths](#)

School username: ecclesbourne

password: Heptagon7

OR scroll down left hand side and select A Level – Pure and then Bridging Work (work through the different lessons and tasks).

4. Be aware you will have a test in the first few weeks back that will assess understanding of these transition topics and our first few weeks of work.
